DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jason Evans on May 31,2007.

The application has been amended as follows:

In the Claims:

a. Claim 43, line 2 – replace "for use" with --executed--.

Election/Restrictions

2. Claims 3-9, 24-30 and 45-51 are allowable. The restriction requirement of Species A-H, as set forth in the Office action mailed on December 15, 2004, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim. Claims 3-9, 24-30 and 45-51 are directed to species B-H are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim. In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim

Art Unit: 2151

may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

- 3. Claims 1-9, 11, 22-30, 32, 43-51 and 53 are allowed.
- 4. The following is an examiner's statement of reasons for allowance: The prior art of record does not explicitly disclose the applicant's invention as claimed in detail wherein a mobile terminal having first and second distinct communication interfaces, receiving a first component of a document over a first communication channel via the first communication interface and receiving a second component of the document over a second communication channel via the second communication interface, displaying the first component of the document before completion of the receipt of the second component of the document. See also applicant's remarks of November 7, 2006.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
